MODERN LIVING IN A TRADITIONAL NEIGHBOURHOOD

Welcome to the new urban lifestyle of **855 Alpine Avenue**. Two semidetached homes are being built close to the vast greenspace of Frank Ryan Park and within a short walk to Britannia beach, shopping, schools and the new LRT stop at Lincoln Fields; your new home is in the heart of a great family neighbourhood.

Your family will discover everything the location has to offer and the Redevelopment Group will custom build your new home to reflect your personal style. This is a rare opportunity to work with one of Ottawa's premier builders.

The Redevelopment Group believes in sustainable urban development and since 1992 has built more than 200 condos and townhomes, developing unique spaces that reflect each homeowner's personal style, creating homes that reflect the surrounding neighbourhoods and contribute to the vibrant urban communities within which they are built. The homes are under construction for December occupancy.

The quality of designs and materials have always been superior and **855 Alpine Avenue** will be a jewel on the street. The modern design and

finishes reflect the exciting transformation taking place in Ottawa.

Standard features include oversized windows, modern ribbon style fireplace, air conditioning, 9' ceilings, maple flooring, porcelain tile, custom trim, granite/quartz counters, under mount and above counter vessel sinks, custom-designed Deslaurier kitchens, designer fixtures and the highest level of quality construction.

Occupancy will be October 2016.
